

AMERICAN LEGISLATIVE EXCHANGE COUNCIL  
**ALEC**

*The mission of the American Legislative Exchange Council is to advance the Jeffersonian principles of free markets, limited government, federalism, and individual liberty among America's state legislators.*

With 2,400 members across the United States, the American Legislative Exchange Council (ALEC) is the nation's largest nonpartisan, individual membership organization of conservative state legislators.

ALEC brings the states and nation together through its model legislation, conferences, publications, and eight national Task Forces, which include:

- Civil Justice
- Commerce, Insurance, and Economic Development
- Criminal Justice and Homeland Security
- Education
- Health and Human Services
- Natural Resources
- Tax and Fiscal Policy
- Telecommunications and Information Technology

Each provides a unique vehicle for legislators to communicate across state lines, share experiences and ideas, and work in unison with the private sector to create effective public policies.

ALEC is also fostering stronger relationships with our alumni on Capitol Hill and International members through the Federal Affairs and International Relations programs. Additionally, the Regional Field Teams initiative is ensuring the advancement of ALEC policy at the grassroots level throughout the United States.

For 35 years, ALEC has promoted principled policy and defended liberty to ensure prosperity and to safeguard the freedoms of our great country.

*"It is you, the members of the American Legislative Exchange Council, who should be honored for your untiring dedication and service to promoting Mr. Jefferson's ideals."*

*~ President Ronald Reagan*
